

Upholstery Courses with Hamilton & Hodson

Hamilton and Hodson are delighted to present a series of short upholstery courses for 2020-21. These one- or two-day sessions will give students, new and experienced, the space and opportunity to develop their passion for upholstery. Taught by Nicky Hamilton and Erica Fredricksson, who have over 30 years' combined experience, you will receive close supervision and guidance and learn new skills to upholster creatively and accurately. Either Nicky or Erica will be teaching, so the tutor/student ratio will be 1:3.

About the course

Book for one or two days to begin your upholstery journey with us, or for a series of sessions to develop your knowledge and skills to a greater level. We will support students to upholster a broad range of furniture, learning a variety of techniques with both traditional and modern methods. Nestled in the train station at Redland, our workshop is a wonderful space to learn a new skill, use your imagination and focus on a creative project. We only book three students for each day, so you will be closely supported to realise your new upholstery ambition and share ideas with other students. No prior experience is required.

New students

We recommend new students start with a simple project to learn the basic principles of upholstery, and advise working on a footstool, drop-in dining chair or small headboard as a first step. We can also provide an introduction to using a sewing machine, perfect for your first box or scatter cushion project or to create some sumptuous piping to finish a chair.

Returning students

Once you have a little experience, a small upholstered chair or ottoman would be a good next step. We also encourage those with more experience to join us, to flex their technical skill and knowledge as we support and inspire each other.

Each day will begin at 9.30am, finishing at 4.30pm, with a break for lunch and regular breaks throughout the day as you need. If you would like to book a single day of the 2-day blocks, please do get in touch and we will do our best to accommodate this.

Cost

The cost for 1 day is £120. If you book for more than 1 day at once, the cost will be reduced to £110 a day.

The cost guarantees your space in the workshop, dedicated teaching, use of our tools for the course and detailed reference sheets for you to take away to support your learning.

You will need to source your own piece of furniture and fabric. We would recommend bringing a notebook and a camera to log your learning. Please also wear appropriate footwear (closed trainers or hard-soled shoes) in case of loose tacks or staples on the floor.

There will be a small additional cost for materials (including tacks, twine, staples and thread), which you tally as you work. This usually doesn't amount to more than £10 for each piece of furniture. Substantial materials (such as foam) will be more.
